

Sometimes **ALL** things come in small packages.

- ✓ Every *Bluetooth*® specification, profile and protocol
- ✓ Dual mode - “Classic” and low energy *Bluetooth* technology
- ✓ Virtually no setup
- ✓ Comprehensive live analysis

All this in one package that represents 25 years of protocol analysis expertise. From low energy to high speed, the BPA™ 500 Dual Mode *Bluetooth* Protocol Analyzer **does it all**.

To learn more about Frontline’s *Bluetooth* protocol analyzers, call 1.800.359.8570 or visit us on the web at www.fte.com/bluetooth.
